THE SUMMARY ACTIVITIES IN FOUR YEARS

While doing business we also trying to raise the living standard of Cambodian people and to improve the quality of life by providing jobs to people in the area of where we have been operating. In all our business activities we had submit ourselves and follow all rules and regulations of the Kingdom of Cambodia. However, although we did everything that comply with the law still problems occurred.

We never ignore problems, whenever problem occur we reported to the government, calling all related parties to discuss and find solution to whatever problem happens.

In 2014 we had done many activities for both helping and solving problems with local people and some of those activities are as the followings:
