equipment.

The hospital consists of 8 buildings, each with 5 floors, and 24 metres high, with all buildings connected to each other. There are 5 floors for the inpatients department, 5 floors for obstetrics and gynecology, 2 floors for the administration department and doctors accommodation, and 1 floor for the general department.

The entire building is being built on an area of 24,300 square metres and will have a total area of 55,815 square metres.

The Tbong Khmum Cambodia-China Friendship Hospital is located in Nikom Leu village, Sralop commune, Tbong Khmum district, Tbong Khmum province. Construction began on 1 March, 2019. (Read [more](#))

This project will be the second-largest hospital after the Cambodia-China Friendship Preah Kossamak Hospital.

The US\$80-million Cambodia-China Friendship Preah Kossamak Hospital is currently under construction and has been set to put into temporary operation in September, and full-service by early 2022.(Read [more](#))

SEEKING NEW EMPLOYEES?

We are a leading Japanese Recruitment Agency in Cambodia with approximately 800 business partners and over 30,000 staffing registrations.

Why are many companies using CDL Recruitment Services?

- ① Can find qualified candidates faster.
- ② No charge until candidates start working.
- ③ Reduced risk of employee early resigning.
