Due to the limitations for number of points of interest on the map, this map does not show the Unknown sites that we have discovered through scanning satellite imagery. We will be adding a separate 'unknown' map for Cambodia shortly, in the meantime feel free to check the Unknown category to find all unknowns in Southeast Asia.

Please be advised on the naming conventions for listed sites in Cambodia:

The following are considered **titles** and therefore are not listed alphabetically:

Prasat (Temple/Tower), Tuol (Mound/Small hill), Neak Ta (Spirit shrine), Wat (Buddhist temple), Spean (Bridge), Kroes, Kok, Kuk (Foundation/Vestige/Ruin), Phnom (Hill/Mountain), Boeng, Trapeang (Reservoirs/Ponds), Phum (Village) and Banteay (Citadel/Fortress)
