Steung Trong-Kroch Chhmar Bridge to complete as planned in 2021

October 12, 2020

0

Kampong Cham: The Steung Trong-Kroch Chhmar bridge in Kampong Cham province is actively speeding up construction to be completed as planned, while provincial authorities have planted about 1,000 more saplings.

#50, ST.516 CORNER ST.317, BOENG KAK 1,
TOUL KOK, PHNOM PENH (CAMBODIA).

The Governor of Kampong Cham Province, Mr. Un Chanda, said that the bridge across the river in Steung Trong and Krouch Chhmar districts was a precious gift from Samdech Hun Sen, Prime Minister of the Kingdom of Cambodia, especially to boost the local family economy.

“Therefore, we must work together to develop this area in accordance with this noble achievement. In addition, the planting of about 1,000 trees has become a precious heritage for next generation ,” he said.

The third bridge across the Mekong River, Stung Trang-Kroch Chhmar, with a total length of 1,131 meters and a width of 13.50 meters, is a type of steel-fiber concrete bridge and opened construction on February 9, 2018 with a total budget of more than 56 million dollars and take 42 months to build.

According to the Ministry of Public Works and Transport, the bridge connecting Stung Trang district (Kampong Cham province) to Krouch Chhmar district (Tbong Khmum province) could be completed before the deadline in March 2021, and the bridge could be connected by December 2020.

This bridge will make an important contribution to connect the transportation and travel of the people of Kampong Cham and Tbong Khmum provinces, which live in the east and west banks of the Mekong River travel easily and quickly.
