

A FEW WORDS FROM OUR CHAIRMAN

Garden City Waterpark is a new first Asia's top entertainment filled with family lifestyle activities for all ages that captures the heart of individuals and each member located in Phnom Penh. This new landmark is the biggest waterpark destination that will have a solid mark on the tourism map as part of a significant destination in Cambodia.

Based on history, in ancient times, the first Khmer state BAPNOM was located in these territories. The name came from Khmer monk "Krung Bnam" which means "the King of the Mountain". During that time, there were many wild animals in the forest and fish along the banks near the Mekong River. Later on, those areas were inhabited by people surrounding and the forests were cut down, ponds were drained and new places were beginning to be used in agriculture and cultivation of rice. With this historical justice with a team of architects and designers, this place has been transformed into a recreational water park concept with a flowering garden, waterfalls, and a shady river. As a matter of fact, our mascot became the epic hero Tiger and friends who guard and protect their Water Kingdom territory.

Built-in Southeast Asia's one-of-a-kind, Garden City WaterPark is a multi-facilitated entertainment destination in Cambodia with a vast land of 7 hectares ready to cater to your fun, excitement, and memorable experience like no other.

Garden City WaterPark offers more than 38 innovative unique water slides designed by the world's famous leading supplier WhiteWater West and Polin's most exciting and interactive water play structures plus multi-outdoor adventure activities.

Moreover, it's one of the biggest WaterPark in Cambodia to set high International quality and safety standards.

Hereafter, amaze the view of our built-in man-made Wave Palace falls surrounding the Mekong River. Our tallest landmark mountains at the entrance are at 20 meters in height which has a sight visible from a distance together with our Kids Aqua Toy area.

Merge yourself together with your family, grab your friends, spend your amazing time with your special loved ones and experience the real fun, exciting family entertainment relaxation with our private cabanas like never before. Treat yourself and dine with us into a culinary delight with the best of local and international cuisine to choose from at our GardenVille restaurant or any choice from our food kiosk outlet suitable for all ages. Create the fun and make memories together into the perfect finale to an incredible family day out into a World of Adventures.
