## OUR CSR IN CAMBODIA

### SRAS SRANG SCHOOL & COMMUNITY TEAMBUILDING PROJECTS

In 2015 Destination Asia Cambodia started a project with Srah Srang School, focusing on the development of a school library. In 2016/17 they helped develop school facilities such as repairing fences, renovating the toilets and installing a water tank. In 2018 the team added more books to the library, maintained previous renovations and paid a full time member of staff's salary to manage the library.

Destination Asia Cambodia also facilitated five community projects with visiting groups in 2018, including: In-kind donations to HUSK School & Angkor Hospital; Aranh School project support; Stationary donation at Aranh School; Water well at Kampong Pluk Primary School; House building and Bicycle donation.
