### Ensuring high standards in terms of sustainability

#### Social

Both the well-being of employees and the fair redistribution of the fruits of growth are essential

- Building awareness on Health & Safety
- Training & professional career path for our employees
- Castor: Employee savings and share ownership plan

#### Environmental

Opportunities to make environmental challenges a lever for management, innovation & development

- Full involvement in « Airport Carbon Accreditation » program
- Latest generation wastewater treatment plants
- Archaeological preventive researches

#### Societal

Beyond the runway: Long-term commitment and engagement with neighboring communities

- Road Safety Campaigns in partnership with the Cambodian Red Cross
- Artisans d'Angkor
