engages in a wide range of CSR activities within the framework of four levers:

- Road Safety
- Forests and Climate
- Youth inclusion and education
- Cultural dialogue and heritage

Road safety is the prime pillar of TC's CSR policy. As a player in the mobility sector, Total Cambodia has been promoting Road Safety, especially since 2013, raising awareness among thousands of Cambodians. TC's transport organization, with fleet of PATROM standard trucks and highly trained professionals, is setting the benchmark for safe operations.

TC has also been contributing by offering scholarships to deserving students, access to cleaner energy for poor students, preservation of cultural heritage, sponsoring clean energy events, promoting startups, participating in making Cambodia clean events, creating awareness against fatal diseases like Aids and Rabies etc.
