

Foreign investment in Cambodia

Open Development Cambodia (ODC) updates a profile page on "Foreign investment in Cambodia". This bilingual profile page gives a quick overview of foreign investment in Cambodia, together with related content, such as the definition of foreign investment, the reasons investors invest in Cambodia, priority sectors, the contribution of foreign direct investment to GDP, investment trends by country and sector, similarities and differences between the previous and new laws on investment, and relevant publications. The profile page also consists on related dataset, including foreign investment tracker dashboard, timelines of laws and regulations and events, and major foreign investment projects in Cambodia.
