WHO WE ARE

The Australian Centre for Education is a leader in the provision of English Language Teaching services in Cambodia and in the South East Asia region. ACE is an initiative of IDP Education.

IDP Education has over 45 years of experience in international student placement service with over 400,000 students placed into quality institutions in Australia, the United Kingdom, the United States of America, Canada and New Zealand. IDP has 100 international student placement offices in 32 countries and offers IELTS in more than 200 test locations in 50 countries. IDP Education is a world leader in international student placement services and a proud co-owner of IELTS (International English Language Testing System), the world's leading English language proficiency test.

IDP Education is a leading provider of English Language Teaching (ELT) in South East Asia and delivers classes that cater for a diverse range of students. We offer programs ranging from short IELTS preparation courses through to extensive Business English programs. Every year, 20,000 students study English in our language schools across Cambodia, Vietnam and Thailand.

As well as teaching English, IDP Education also organises a large international conference in South East Asia each year for English language teachers – CamTESOL. The CamTESOL conference series attracts around 1,700 participants from approximately 30 countries. 300-400 papers and workshops are delivered annually at CamTESOL making this a vibrant, cost-effective opportunity for teachers at all stages of their careers to gain valuable professional development and to network with like-minded teachers and researchers. The costs to participate in CamTESOL are kept to a minimal level to allow as many teachers as possible from around the world to access international experts and continue to build their teaching skills. Visit www.camtesol.org for detail.
